

New Door Prices - From Wednesday 1st April

Class Nights:

We took over Stockport Town Hall on Wed 2nd January 2019.

We have increased the price once by 50p BUT got the **car parking for FREE** which was a saving of 50p.

Room hire alone has gone up by over 20% since 2019 our increase to date was 6% some 2+ years ago. So we have absorbed most of this & other increases over the past 5 years.

Increasing our door price to £9.50pp (£1 extra) this is equivalent to a 19% increase in total, or **3.8% per year** (This includes the 50p increase from last time, but **excludes FREE Parking**).

However our door prices are still very similar to most (even cheaper than some) who are paying for Village Hall type venues, nothing like as grand.

Please take what a venue has to offer into consideration when looking at door prices:

Free parking

A Bar

Huge Sprung Floor

Good Sound & Lighting Equipment

Size etc.

Freestyle Nights:

Our **Freestyle Venue Hire has also gone up over 20%** over the same 5 years, but we **will only be increasing the Freestyles by £1pp (just 8%) or 1.6% per year**

Other increases over the last 5 years for social type activities:

Cinema was £7.12 now £10.95 = 54% increase

Theatre was £27.10 now £49 = 81% increase

Pint of lager was £3.67 Now £5.34 = 45% increase

Chocolate (No we haven't reduced the size of the venue like you see in a bar of chocolate! 😂)

Keith & Janey xx
